PROJECTS

CareerFluence (05/2021 - 06/2021)

- The purpose of this web application is to provide a platform for students, graduates, and professionals to select the appropriate stream and field.
- Functionalities such as payment gateway through Razor pay, pdf generation for assessment test, mailing with required details for personal sessions which include zoom link, etc. were integrated.
- I decided the whole layout and design of the Website.

Health Care (03/2021 - 04/2021) 📄

- Health Care is a website which is used to take Online Consultancy with Doctor in current Pandemic situation.
- Patients can book their appointment online and at the booking time only one zoom meeting is created.
- Patient Reports are also saved for further treatments.

Invoice Bill Generator (11/2020 - 12/2020) 📄

- A Web Application was created to generate the Invoice and Challan. It was made for the Client i.e. The Mahavir Enterprise.
- The generated Invoice or Challan can be Downloaded or Mailed to the customer directly from website.
- Also, this project was created from scratch without any previously available resources.

Online Recruitment System (04/2021 - 05/2021) 📄

- This Web Application was created for recruiting different users for different Jobs and Internships.
- Here, training is also given for becoming a good Job Aspirant.
- Aptitude Test, Technical Test, etc. is also provided on website.
